Words from the Parents:

- *The staff are friendly, kind and always willing to put things in place for my boys if they are struggling. They have even done a 1:1 with one of my boys because he struggled to join in with the big group of kids. My son absolutely loved it, he was laughing and enjoyed beating the coach.*
- *It has increased my son's confidence and helped him with his balance. It is something that keeps his attention on one thing that he really enjoys.*
- *The staff are amazing, kind and very understanding for each individual.*
- *All different kids, from all different backgrounds, with all different capabilities can learn to play with the right support.*
- *I would just like to say the coach is so kind and caring. I can't thank him enough for always listening and putting things in place to make my boys comfortable. He's always trying things to get them involved, it's amazing and it has really given my boys the opportunity to enjoy something.*
- *The coaches are amazing and help not only the children but also the parents. They don't talk down to the children but instead get down to their level to help them.*
- *They are an amazing team who know every child from day one and accommodate to their needs.*

What changes have you seen in your child over the course of these classes? How have these football classes impacted your child?

- *My daughter found it hard to open up and talk to new people. The classes have helped her to make friends and do something that she loves.*
- *I've seen a community where every child is welcomed and helped. This has given our family hope, friends, motivation and acceptance. It's also been amazing for cognitive development and has increased their physical exercise.*
- *These classes have given him the chance to enjoy a club but also to be himself rather than being judged if he can't do it. This club has really made him feel wanted, he loves it and is so happy to be there.*
- *My son has become more social, more confident to be around new people and when interacting with new kids.*
- *When my son started he was extremely shy, always held the coach's hand and wasn't confident enough to play on his own. Now he loves going to football every week wearing his football kit and boots. His confidence has gone right up and he talks to everyone.*
- *My son has enjoyed every minute of these sessions and his confidence has grown massively.*
